

Introduced by Senator Beall

February 18, 2014

An act to amend Section 14021.6 of the Welfare and Institutions Code, relating to Medi-Cal.

LEGISLATIVE COUNSEL'S DIGEST

SB 1045, as introduced, Beall. Medi-Cal Drug Treatment Program: group outpatient drug free services.

Existing law provides for the Medi-Cal program, which is administered by the State Department of Health Care Services and under which qualified low-income persons receive health care benefits. The Medi-Cal program is, in part, governed and funded by federal Medicaid provisions.

Existing law also provides for the Medi-Cal Drug Treatment Program (Drug Medi-Cal), under which each county enters into contracts with the State Department of Health Care Services to provide various drug treatment services to Medi-Cal recipients, or the department directly arranges to provide these services if a county elects not to do so. For purposes of Drug Medi-Cal, existing law requires that the maximum allowable rate for group outpatient drug free services be set on a per person basis and requires that a group consist of a minimum of 4, and a maximum of 10, individuals, at least one of which must be a Medi-Cal eligible beneficiary.

This bill would require a group to consist of a minimum of 2 individuals, at least one of which is a Medi-Cal eligible beneficiary.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.

The people of the State of California do enact as follows:
